

HUNTED TO  
HIS DEATH.

Lawless Career of James Ward Rogers, An American, Is Ended.

## MANY YEARS OF DEFIANCE.

Elephant Poacher and Illicit Dealer In Ivory, He Becomes a Virtual King.

London, Aug. 21.—Hunted down by British soldiers in the depths of the jungles of Central Africa, where for years in defiance of all authority he has pursued the career of an elephant poacher and illicit ivory trader, James Ward Rogers, an American, is dead. He was shot down by a little force of troops which had been sent into the wilderness in pursuit with orders not to return without the outlaw, dead or alive.

The news came formally today to the British colonial office from Capt. C. V. Fox, inspector of Mongolia province, who commanded the expedition. Although told in an official report, the story revealed is one of the most dramatic in colonial annals.

## Long Career of Crime.

For years Rogers had carried on his lawless trade, which popular opinion credited with netting him a fortune. The remote regions along the Lado Enclosure and Congo boundaries were the scenes of his operations. Time after time British officials of the Soudan had tried in vain to trap him. It was this defiance of years which determined the government to crush the old man. Captain Fox's report shows that in his long operations Rogers has done more than had been dreamed by the colonial office.

He had established an organized administration over the wild, tractless country and among the natives was a virtual uncrowned king.

Success of the outlaw in handling his "subjects" and in pursuit of his trade drew from Captain Fox in his report the tribute that Rogers' work was worthy of a better cause.

CAPT. T. W. T. RICHARDS  
DIES AT LOS ANGELES

Member of Mosby's Brigade Expires as Brother Arrives From Louisville.

Los Angeles, Aug. 19.—Capt. Thomas W. T. Richards, an officer of the Confederacy under Gen. Mosby during the Civil War, died Sunday morning at his home, 114 Orange street, Glendale, of acute nephritis. He was 72 years old, and until a year ago had been actively engaged in business.

He leaves a widow, two daughters, May and Eleanor, and a son, Thomas. His only living brother, Judge A. E. Richards, formerly City Attorney of Louisville, arrived in Glendale only in time to be recognized and greeted before Capt. Richards' death. They had not met for twenty years.

In 1869 Capt. Richards married Miss Nellie Towns, of Kentucky, and in 1887 he chose another Kentucky girl, Miss Mary Henry, of Hopkinsville, for his second bride.

## Out in Kansas.

Roosevelt presidential electors were chosen by the republicans in the recent primary in Kansas by a plurality of 34,000 over the Taft electors, according to official figures given out by the secretary of state.

Although Gov. W. R. Stubbs won the republican nomination for United States senator and Hugh Farely the Democratic nomination,

SALVATION  
ARMY LEADER

Died in London, England, Tuesday at Advanced Age of 83 Years.

## WAS KNOWN WORLD OVER.

Septic Poisoning, Following an Operation for Cataract, Cause of Death.

London, August 21.—The Rev. William Booth, general and commander-in-chief of the Salvation Army, died at 10:13 o'clock last night. He was born at Nottingham in 1829. Twelve weeks ago Gen. Booth underwent an operation for the removal of a cataract from his left eye. For two days after the operation indications justified the hope of the general's recovery. Then septic poisoning set in and from that time, with the exception of occasional rallies, the patient's health steadily declined.

The aged evangelist died at his residence, the Rockstone, Hadleywood, some eight miles from London, where he had been confined to his bed ever since the operation. Present at the bedside when the end came were Mr. and Mrs. Bramwell Booth and their daughter and son, Adjutant Catherine Booth and Sergeant Bernard Booth; the general's youngest daughter, Commissioner Mrs. Booth-Heberd and Commissioner Howard, Col. Kitching and Dr. Wardlaw Milne.

TOBACCO PROFITS  
SHOULD BE LARGER.

Improper Methods Accountable For Small Return, Say Government Experts.

Washington, Aug. 21.—Tobacco planters throughout the United States should make larger profits than they do, according to department of agricultural officials who have been studying the question. Planters now receive about \$100,000 a year for their average crop of 1,000,000,000 pounds. Their profits should be much greater, say the officials.

Improper cultural methods keep the product down to one-third of what it should be, the experts declare. In the Connecticut valley, where the soils are maintained in a high state of fertility, yields of 2,000 pounds and more to the acre are common, it is pointed out, while on similar soils in many of the manufacturing and export districts the average yield is scarcely one-third of this.

The one crop system, instead of rotation, is one of the improper cultural methods, it is said, which is responsible for this condition.

The use of unadapted varieties or strains of tobacco, damaged by insects and disease, an imperfect knowledge of the principles that apply to the process of curing, fermenting and handling the leaf, are given as other causes of small profits to the farmer.

## DIES FROM PELLAGRA.

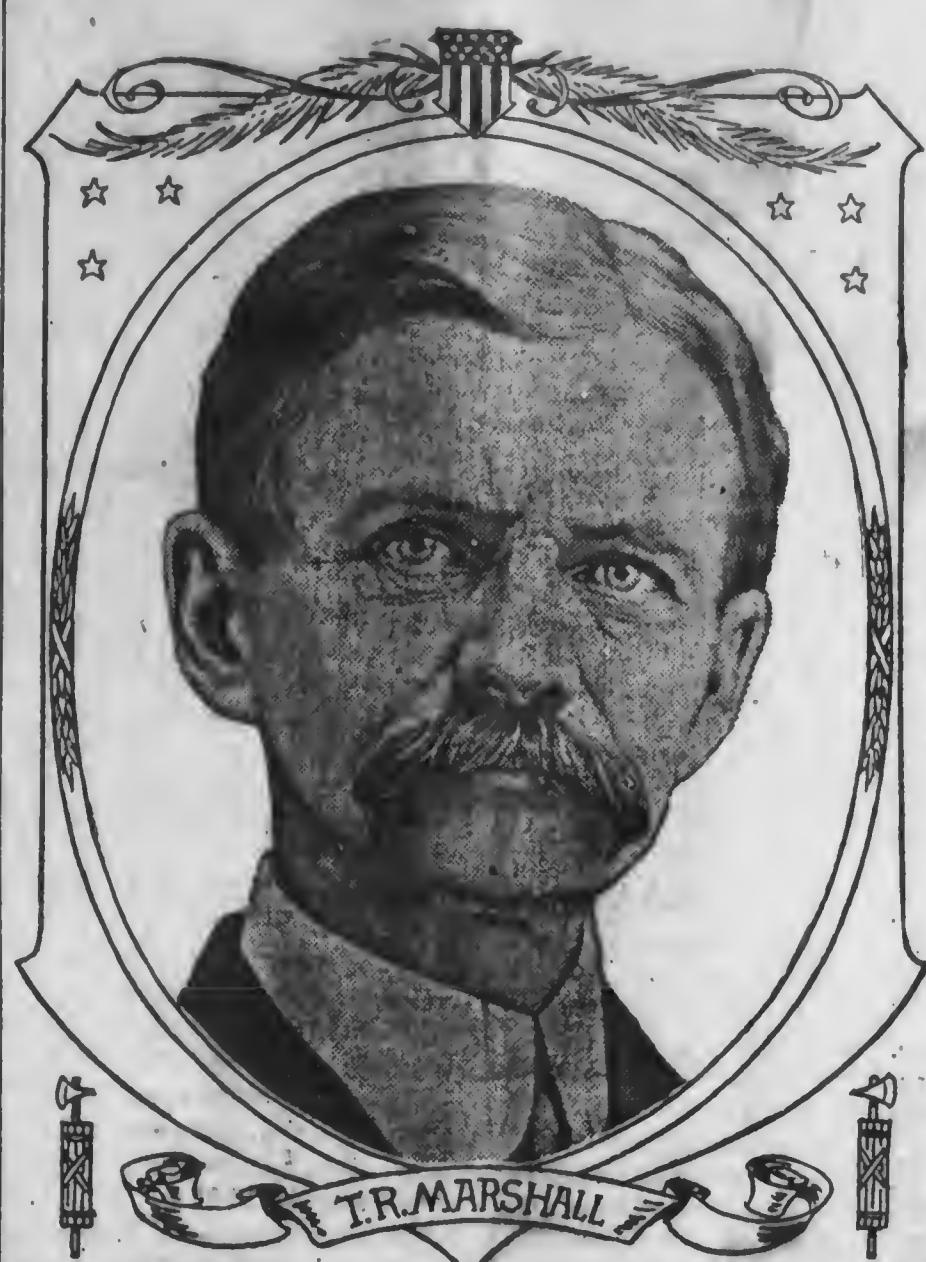

Second Death From Disease At Madisonville.

Madisonville, Ky., Aug. 19.—Mrs. Sallie Hunter, 32 years old, wife of W. D. Hunter, died here this morning, after a long illness, death being caused by pellagra. This is the second death that has occurred in this city from this disease, a young lady having died from it about two years ago.

MARSHALL IS NOTIFIED  
OF HIS NOMINATION

So Great Was the Crush of the Crowd That the Grand Stand Collapsed and Many Persons Were Hurt—Speech of Notification By Judge Parker.

Indianapolis, Ind., Aug. 20.—Five persons were injured seriously and forty bruised and cut in the collapse of a grand stand seating 300 persons in University Place this afternoon during the informal notification of Gov. Thomas R. Marshall of his nomination as Democratic candidate for vice-president. Those injured were quickly carried into the Indiana Democratic club near by or taken to hospitals and the notification ceremony proceeded.

Many men prominent in national politics were in imminent danger of injury. On the front row of the stand among others were former Vice-President Fairbanks, Lewis Nixon, of New York; United States Senator Gore, of Oklahoma and Thomas Taggart. They all escaped injury.

Soon after Mr. Taggart had quietly

## NEW ALIGNMENT.

Beckham and Allie Young Aspire To Leadership of Rival Factions.

Louisville, Ky., Aug. 21.—The Democratic house in Kentucky is divided against itself. The certainty of election of Woodrow Wilson as President has forced a realignment of administration leaders and warm rivalry is springing up among the newly created factions in contemplation of grabbing control of the organization in the state and dictating distribution of federal patronage in the event of Democratic national success. The story runs that the intense cordiale existing between former Gov. J. C. W. Beckham, Gen. Percy Haley and Tom Rhea, the latter of Russellville, on the one side, and Judge Allie Young of Morehead, J. C. C. Mayo, J. N. Camden and Rufus Vansant, on the other, has been severed.

Gov. McCreary has a firm seat on the fence. The Beckham faction is said to be in high favor with Wilson's campaign managers.

## Tom Now Knows It.

Judge Alton B. Parker, of New York, Tuesday officially notified Gov. Thomas R. Marshall of his nomination for Vice President of the United States on the Democratic ticket.

BUILDINGS  
ON PARK

Were Sold At Public Auction Last Tuesday Morning At 9 O'Clock.

## SOLD AT \$629.50 SEPARATELY

The Grounds Are To Be Cleared Off Within The Next 30 Or 60 Days.

The buildings on Virginin Park were sold at public auction at nine o'clock Tuesday morning, a large crowd being present and the bidding being spirited.

The residence, kitchen, smokehouse, cottage, stable and fences were sold separately and then offered as a whole, but no bid was received equal to the aggregate of \$629 50 and the separate sales were allowed to stand. I detail the prices realized were:

Dwelling, Dr. J. E. Bell.....	\$285.00
Kitchen, Geo. Leavell.....	65.00
Smokehouse, Max Meyer.....	25.00
Cottage, Ed Glass.....	75.00
Outhouse, Geo. Taylor.....	9.00
Two Pits, Jno. Charlton.....	2.50
Lattice Fence, Geo. Taylor.....	31.00
Picket Fence, Max Meyer.....	5.00
Plank Fences, Flaherty.....	18.00
Stable, Mat Moore.....	114.00
Total.....	\$295.50

The sales were sold subject to certain conditions. Thirty days are allowed, with not to exceed 60 days for moving. The high garden wall on Ninth street is to be removed to a height of two feet and the small buildings may be moved whole, all necessary permits to be given. The foundations go with the buildings, but concrete steps and walks were not sold. The cisterns are left to be sold privately. Also the grape arbor will not be disturbed for the present. All removals are to be made without damage to trees, shrubbery, flowers, vines, statuary, ornaments or fences enclosing the place.

The sale is regarded as satisfactory, as the property sold had been appraised at \$500.

Auctioneer J. W. Williams made the sale under the personal direction of the Park Committee composed of Mayor Meacham and Councilmen Dabney, Haydon and Metcalfe.

RICHARDS TELLS OF  
JUMP RECORD.

Olympic Hero Explains His Great Victory At Stockholm Over Horine.

Salt Lake City, Utah, Aug. 21.—In his own story of the winning of the world's high jumping championship at Stockholm, told to friends on his return here, Alma W. Richards declared that his victory over Horine was not due to Horine's "form."

"In America," he said, "a slim cane pole is used for a bar and when Horine jumps he bends the bar down but so skilfully that it does not fall from the pegs. At the Olympic games they use sticks an inch and a half thick and held by very short pegs so that the slightest touch knocks it off, requiring an absolutely clean jump."

## Bob Mahon Acquitted.

Elkton, Ky., Aug. 21.—At an examining trial held by County Judge P. O. Duffy, Bob Mahon, who killed Clarence Higgins at Cedar Grove church Sunday, Aug. 11, was acquitted. The proof was clear that Mahon was provoked to killing Higgins. Mahon received a bad wound on the head from a rock thrown by Levi Higgins, uncle of the dead man. Mahon has been in jail since he surrendered to the authorities, suffering from the wound. The doctor thought the skull was crushed, and it was doubtful about his getting over it.

CRACK SHOTS  
SOLDIER BOYS

Will Go To Earlington Next Week For Target Practice.

## PICKED TEAM OF FIVE MEN

The Pistol Contest Will Be One Of The Interesting Features.

Next Monday the Company D team of the Third regiment will go to Earlington for target practices. The team is composed of the following members, including Capt. E. W. CLARK:

FOREST BOYD,  
JACK TANDY,  
ARTHUR BOYD,  
CECIL ARMSTRONG,  
WALTER BOHANAN.

One of the most interesting contests to be engaged in by officers and men is the pistol contest. Company D has several good pistol shots and the contest will be quite spirited and we expect the home team to win more than one prize.

These men are the best shots in the company, while their Captain is one of the best shots in the regiment.

Col. Jouett Henry is the executive officer of the range.

## REGIMENTAL TEAM.

Following the above there will be a contest by Col. Henry's staff. This team is composed of the following officers:

Capt. GORDON NELSON,  
" A. G. CHAPMAN,  
" C. HENRY TANDY,  
" H. W. ROGERS, Earlington.

Major BERRY, Morganfield.

The prizes for the best marksmanship in these two contests are valued and include \$150 in money and gold medals. Every marksman that reaches a certain percentage will receive a gold medal.

## GOVERNMENT MATCH.

There is another match to be pulled off at the range, namely the Government match.

Uncle Sam is anxious for his soldiers to make good marksmen and steps in and offers lure prizes to be contended for in the way of a \$50 bill for the first best and a gold medal for each of the next best shots.

The officers and men will all contest and the five best marksmen then engage in another contest called.

## THE STATE TEAM.

This team is made up of the best shots in the three regiments of the State Guard.

Gov. McCreary is much interested in this contest and has offered some valuable prizes to the most perfect shots.

The members of the different teams while away will draw regular pay, railroad fares are paid by the Government and the contestants will be furnished with camp equipment and rations.

It is something more of a picnic than the National Encampment at Anniston and those who are selected to enter the contests will have about an equal division of time to work and to play.

## Hanbury At Princeton.

Princeton, Ky., Aug. 21.—A large crowd heard Max Hanbury, of Cadiz, expound the doctrine of the Progressive party Monday. After the speaking, sixty men, members of the Progressive Club, of Caldwell county, were enrolled. Mayor Thomas N. Hazleip, of Paducah, also called to speak, failed to keep the appointment.

Mr. and Mrs. W. L. Compton, of St. Louis, are the guests of Mr. and Mrs. Ford Wright.

## Improved Educational Conditions From an Investment Standpoint

By JOHN R. M'FERRAN, Chairman Educational Committee, Louisville Commercial Club.

**S**TUDYING the educational situation in the state, I am more impressed with the absolute necessity for a radical change in our viewpoint concerning the subject. We have been viewing the schools rather as a necessary evil, an expense to be kept at the minimum of cost. The logical result has been largely attained—cheap houses, cheap grounds, cheap equipment and in too many cases cheap teachers, cheap trustees, cheap county boards and cheap county superintendents.

In fact, so long has this policy prevailed that we have dwarfed everything pertaining to our schools, even our educators, and most of all ourselves, the average citizens. The whole outfit is a cheap and inadequate thing for the twentieth century. OUR SLIPSHOD AND CHAOTIC SYSTEM, IF SYSTEM IT CAN BE CALLED, POSSIBLY ANSWERED FAIRLY WELL THE NEEDS OF FORTY OR FIFTY YEARS AGO, but everything else has moved tremendously within that time and moved with the greatest celerity and momentum.

With our schools here in Kentucky we have practically stood still, trusting to luck or some other mysterious power to supplement our indifference and neglect. Not so with other more prosperous and progressive states, fully recognizing the value and importance of their children. With enlightened zeal and intelligence their tendency has been to crowd all the money into their schools that could be judiciously used, looking upon it as a wise, businesslike proposition, a most profitable investment, and so it has proved, states younger and no more favorably situated, with really inferior natural resources, surpassing us in material wealth two and three fold.

BEFORE WE CAN MAKE THE NEEDED AND DESIRED PROGRESS WE MUST GET THE VIEWPOINT THAT IT IS NOT ONLY OUR HIGH AND HOLY DUTY, BUT MOST PROFITABLE, TO SEE OUR CHILDREN AND THEIR SCHOOLS FROM THE INVESTMENT SIDE AND PROVIDE GENEROUSLY THE FINANCIAL AID THAT IS IMPERATIVELY NEEDED.

Furthermore, we must awaken out of our apathy and see that this money is used to the best advantage and not frittered away by incompetency or graft. We have been furnishing two and a half to three million dollars per annum for our schools for a number of years. What number of citizens have at any time taken the slightest interest to know how this money was being expended? There seems to have been great waste. WE HAVE ALLOWED THE INTEREST OF OUR CHILDREN TO DRIFT INTO POLITICS AND INTO CONFUSION. IT IS HIGH TIME TO CORRECT THIS.

### Dumb Chills and Fever.

Douglasville, Tex.—"Five years ago I was caught in the rain at the wrong time," writes Miss Edna Rutherford, of Douglasville, "and from that time was taken with dumb chills and fevers, and suffered more than I can tell. I tried everything that I thought would help, and had four different doctors, but got no relief, so I began to take Cardui. Now I feel better than in many months." Cardui does one thing, and does it well. That's the secret of its 50 years of success. As a tonic there is nothing in the drug store like it. As a remedy for women's ills, it has no equal. Try it. ## RACE PROGRAM IS VERY STRONG

This Department of State Fair Under L. B. Shropshire Promises Big Interest.

#### THE SIX BIG STAKE EVENTS

Six Purse Events, Six Running Races, Gentlemen's Cup Race and Lady's Cup Race Among Star Features of Program.

From a racing standpoint, patrons of the Kentucky State Fair, the week of September 9-14, will be well provided for, as the program, which has been arranged by L. B. Shropshire, assistant secretary of the fair, is one of the best seen in Kentucky in years. He has arranged for six stake events for trotters and pacers, valued at \$600 each, and, in addition, he has provided for six running races, one for each day of the fair, and a Gentlemen's Cup race and a Gentlemen's Riding race, the last-named two to be decided the closing day of the fair. Among the stake races will be one for two-year-old trotters, one for three-year-old trotters, one each for 2:18 trotters, 2:25 trotters, 2:13 pacers and 2:25 pacers. The purse events will consist of one each for free-for-all trotters, 2:18 trotters, 2:15 trotters, 2:20 trotters, 2:12 pacers, 2:17 pacers and one for free-for-all pacers.

During the past two years the racing feature of the fair has proved one of the most interesting of any attraction provided by the management, and because of that fact it became apparent to Secretary J. L. Dent that better facilities would have to be provided for caring for the patrons of that particular feature. With this idea in view, the very first contract entered into by Commissioner New man and Secretary Dent was with contractors for the enlargement of the grand stand, and when the gates are thrown open the morning of September 9 just twice as many people will be cared for in the race track section of the grounds as formerly. The new addition to the grand stand will be of re-enforced concrete, similar in every respect to the original part of the big stand, making it one of the largest as well as one of the most substantial grand stands in the country. Here can gather thousands of Kentuckians to renew old acquaintances as well as to witness the sport that is dearest to the heart of every native born son and daughter of the old Commonwealth. Unlike many of the race tracks of the country where trotting and running races are operated simply for the benefit of the track owners, the sport furnished at the State Fair can readily be designated as that of the "King of Sports" as the management of the fair has no idea of reaping any reward except that which comes from a good word passed around by its patrons. Therefore all races are decided strictly on their merits and in each instance the best horse wins. That some of the best horses in training on the tracks of Kentucky and other states will participate in the trotting and pacing events on the program this year is demonstrated by the fact that already owners have applied for stable room for the week and have made numerous entries to the stake events.

Under the arrangements provided by Assistant Secretary Shropshire one stake event and one purse race will be decided each afternoon during the week. In addition to which will be one running race each day. As all events for trotters and pacers, with the exception of the two-year-old events, will be three in five heat affairs it is needless to say that each afternoon will be crowded full of good sport for the fair patrons.

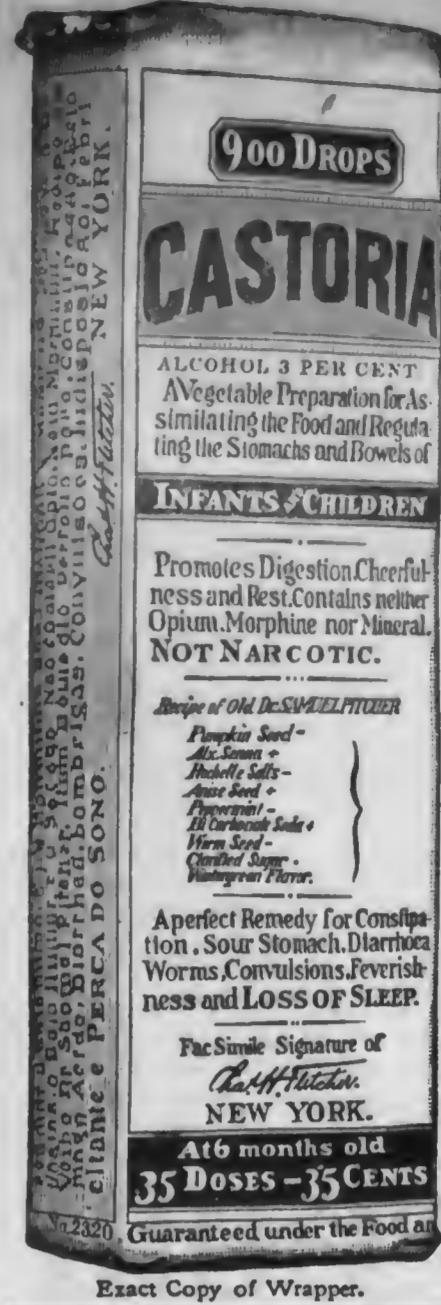

#### NEW JUDGING PAVILION

At the Kentucky State Fair, Louisville, September 9 to 14, Inclusive.

A great improvement over former years, in the method of handling exhibits at the Kentucky State Fair, is the erection of a new pavilion for the judging of live stock. In this building all swine, sheep and goats will be judged. It will also be used for the Student's and Farm Boys Encampment.

One side of the building will be used for swine and sheep arena, and the other for the Student's and Farm Boys Encampment. It will give an opportunity of seeing and comparing exhibits in these departments with the same degree of pleasure and satisfaction as those who witness the contest for honors in the horse, mule, jack and cattle rings in the magnificent Coliseum or main building.

The new building will be well lighted, fully protected from sun or inclement weather, and will have seating capacity for all interested spectators. In short, it will be a miniature State Fair within itself.

### INTERESTING CIRCUS DATE.

Figures Which Indicate the Size of Ringling Brothers' Big Show.

Some idea of the magnitude of Ringling Brothers' circus when will exhibit in Hopkinsville on Saturday Sept. 7, may be had by glancing at a few figures. The train upon which the show travels from town to town is composed of eighty-five double length railroad cars. The show covers fourteen acres of ground. It employs 1,280 people. Among them are the citizens of twenty-nine nations.

In the snow's stables there are 650 horses. In the menagerie are forty elephants and 1,000 other wild animals. The parade is three miles long. The performance is given by 375 artists. There are fifty clowns. The daily expenses of the show are \$7,500. Nearly \$4,000,000 is invested in the circus. Winter quarters are maintained at Baraboo, Wisconsin, and foreign workshops at Stoke-on-Trent, England.

The company maintains offices in Chicago and in New York City. It has foreign agencies in Berlin, Hamburg, Paris, London, Melbourne, Constantinople, Pekin and Johannesburg. It has trapping and hunting expeditions that travel out of four cities in Africa and from three remote points in South America.

In a single season the show travels 40,000 miles. It has in one summer toured from Maine to California and from Canada to the Gulf, giving over 400 performances in thirty-five states and territories.

Over 3,500 meals are cooked and served every day in the canvas hotel on the show grounds. A corps of seventy chefs, cooks, waiters and kitchen helpers is necessary to look after the comfort of the show at meal times. It is not unusual for 5,000 pancakes to be baked and eaten at a single breakfast. There is a dynamo plant on the grounds that furnishes current for 6,000 incandescent lamps, arc lights and beacons. It also furnishes power for various shops.

There is also a postoffice in "Ringlingville." Mail is received there every day from nearly every country on earth. The show carries its own doctors, lawyers, dentists and force of detectives.

The immense portable stage upon which is presented the great spectacle of "Joan of Arc" is one of the theatrical and circus marvels of the age. It is bigger than a hundred ordinary theatres - big enough to hold 1,200 characters, a grand opera chorus, ballet of 300 dancing girls, 600 horses and tons of scenery and properties. The stage crew numbers fifty electricians, fifty scene shifters and forty property men. There is an orchestra of 100 soloists to play the incidental music for the spectacle.

Ringling Brothers' circus is twenty-nine years old. In April of 1883 the five showmen gave their first performance on the public green of their home town, Baraboo, Wisconsin. They had but one horse and their tent was home made. The seat planks were borrowed from a lumber yard. The started without financial capital. To-day they are managers and equal owners of the greatest circus in the world.

TEN

DAYS

Last Saturday and shows that "proof of the pudding" is sufficient. The bargains are here and the people of Hopkinsville and Christian County are finding out that The O. G. Sprouse Co. is the place to get the goods. This is beyond a doubt the greatest avalanche of bargain-giving in the history of the mercantile business of the county, and if you have not already attended the sale you should do so at once. Our daily sale sheet shows that we waited on and sold to 1,874 customers Saturday, besides hundreds of others who went away unwaited on. The sale is only five days old; there are ten more days of this sale yet, and we have thousands of dollars worth of new, fresh goods left yet, so don't fail to come.

## WILSON'S SPEECH HIGHLY PRAISED

Press and Public Men Join In Chorus of Approval.

### DISCREET, ABLE, SAFE, SANE.

"Will Impress the Country Favorably," Declares William Jennings Bryan. "Admirable Pronouncement," Says Champ Clark—"Appeals Strongly to Every Legitimate Business Interest," Declares John W. Kern.

#### An Admirable Speech.

Gov. William J. Bryan—"Governor Wilson's speech of acceptance is admirable. It is original in its treatment of the issues of the campaign. I am sure the address will impress the country favorably."

#### Appeals Strongly to Every Legitimate Business Interest.

Gov. William J. Bryan—"Governor Wilson's speech of acceptance is admirable. It is original in its treatment of the issues of the campaign. I am sure the address will impress the country favorably."

Will Ring Through the Country. Governor George W. Donaghay, Arkansas—"It was a great speech. It will ring through the country. It is just what he should have said. The people have never felt more confident of success since the first nomination of Grover Cleveland."

#### Will Take High Rank.

Champ Clark, Speaker of the House of Representatives—"Considered from a literary standpoint, Governor Wilson's speech of acceptance will take high rank in the political output of the year. It will make pleasant reading and therefore will prove a fetching campaign document. He discusses the issues of the day philosophically, clearly and forcibly. Its courteous tone will allay opposition and win him friends. It is an admirable pronouncement."

#### Battle Hymn of Democracy.

Senator Gore of Oklahoma—"The closing sentence of his speech will become the battle hymn of Democracy in the pending campaign: 'I thank God and take courage.' It is not once a parent of praise but is a summons of patriotic duty."

#### Discreet, Able, Safe and Sane.

John E. Lamb, ex-Representative from Indiana—"Speech is discreet, able, safe and sane. Governor Wilson believes in the efficacy of the scalpel rather than the big stick. His dissection of trust and tariff evils is unique and convincing. His suggestions of reform in methods of government and reduction of tariff schedules will meet with approval of legitimate business and the laboring masses as well."

#### Points the Way For Justice.

Hoke Smith, Senator from Georgia—"I am delighted with Governor Wilson's speech of acceptance. It is a superb statement of the present purpose of the Democracy and points the way for justice to all through real progress by law under the constitution. With his election assured, it should give confidence to honest business and new courage to those who need a square deal."

#### Lays His Soul Bare.

John F. Fitzgerald, Mayor of Boston—"Governor Wilson's acceptance is characteristic of the man. He lays his soul bare to the people and asks them to join with him, irrespective of party, in righting present wrongs without undue clamor or injury to legitimate interests. He lays emphasis on constructive thinking, and I believe this epitomizes one of the nation's greatest needs at the present time. It will be President Wilson overwhelmingly in November."

#### Progressive, but Not Wild.

Thomas Mott Osborne, Auburn, N. Y.—"Governor Wilson's speech fits the occasion and the man—progressive, but not wild; sane, strong and unflinchingly Democratic. It makes an inspiring opening of the campaign, indicating clearly and nobly the spirit in which the leaders of our regenerated Democratic party must work: not one of mere 'partisan make believe,' but of honesty and justice toward all men."

#### Prophetic of Success.

Governor William H. Mullin of Virginia—"I think it was an admirable speech. It was wise, conservative, comprehensive, prophetic not only of Democratic success, but of Democratic supremacy for years to come."

#### Rings True in Every Sentence.

Governor Frederick W. Pohlsted of Maine—"It is a splendid presentation of the issues for the American people. It rings true in every sentence and in every word. It represents the spirit of the Democracy of today. It is the address of a statesman."

#### An Admirable Presentation.

Governor Eugene Foss, Massachusetts—"It was an admirable presentation.

### LABOR AND THE RULE OF RIGHT.

The working people of America—if they must be distinguished from the minority that constitutes the rest of it—are, of course, the backbone of the nation. No law that safeguards their life, that improves the physical and moral conditions under which they live, that makes their hours of labor rational and honorable, that gives them freedom to act in their own interest and that protects them where they cannot protect themselves can properly be regarded as class legislation or as anything but as a measure taken in the interest of the whole people, whose participation in right action we are trying to establish and make real and practical. It is in this spirit that we shall act if we are genuine spokesmen of the whole country. From Woodrow Wilson's Speech Accepting the Democratic Nomination.

tion of the real issues upon which the campaign will be fought this fall. I think that it is bound to strengthen Governor Wilson among the thinking people of the country."

#### Will Ring Through the Country.

Governor George W. Donaghay, Arkansas—"It was a great speech. It will ring through the country. It is just what he should have said. The people have never felt more confident of success since the first nomination of Grover Cleveland."

#### Will Take High Rank.

Champ Clark, Speaker of the House of Representatives—"Considered from a literary standpoint, Governor Wilson's speech of acceptance will take high rank in the political output of the year. It will make pleasant reading and therefore will prove a fetching campaign document. He discusses the issues of the day philosophically, clearly and forcibly. Its courteous tone will allay opposition and win him friends. It is an admirable pronouncement."

#### Jeffersonian to the Core.

John A. Dix, Governor of New York—"Governor Wilson's speech of acceptance is marked with broad vision and clear thought, expressed in language every American can understand. As a business man and manufacturer, I am especially pleased with his positive and statesmanlike position on the paramount issue of tariff reform and his demand for an immediate downward revision. In sincerity, precise statement and comprehensive grasp of great principles and their application of the fundamental needs of the country the speech is Jeffersonian to the core. It contains no appeal to passion and excites no prejudice. Governor Wilson has presented to his party and to the nation clear conception of the truth that the real struggle in the pending campaign is between the concentrated powers of privilege and the aspiration of the American people to realize in their government and their economic, industrial and social relations the full measure of the principles of freedom, justice and progress, upon which the republic was founded. To all the issues and every national need Governor Wilson applies the 'rule of right and common advantage.' The reforms he advocates are far-reaching, but they are necessary, sound and practical. The speech will awaken and stir the national conscience and lead to a triumph that will restore to the people the control of their government and inaugurate a new and happier epoch in the life and development of the republic."

#### Worthy Leader of Progressive Americans.

Louis D. Brindley, Boston—"Governor Wilson's speech of acceptance is the utterance of a twentieth century statesman. With keen perception he recognizes the evils from which the people are suffering and the dangers which threaten our welfare. With broad vision he points the way by which those evils may be removed and the dangers averted. He proves his understanding alike of business and of social needs and that he is a Democrat in fact as well as in name, and his courage is undoubted. Progressive Americans have in him a worthy leader."

#### Equable and Moderate.

New York Sun—"Governor Wilson's speech of acceptance has good luck as well as merit. It comes just in time to contrast sharply with the interminable belittling rant of Th. Denatus Africanus Ferox. And, it without contempt of campus it may be said, though written by a college president very recently retired, it is in the English language, not auanemic and seldom with suspicion of priggishness or domineering, though it has an air, a certain academic distinction of its own. What will please everybody who has a living to make is Governor Wilson's equable and moderate tone. Governor Wilson is for repair, not for destruction."

#### Partnership of the People.

New York Times—"It is applicable. The dominant thought, the very soul of his discourse, is the common interest of all the people, their partnership in our activities and our prosperity. The partnership idea comes from his mind not as a sublimated political theory, but as a practical, legislative reality."

#### Strikes at the Heart.

New York World—"Woodrow Wilson's speech of acceptance is the noblest, clearest, safest statement of high public purpose this country has known in a generation. Without passion, without invective, without abuse, without partisanship, without denunciation, without egotism, without demagogery, he has driven straight to the heart of the supreme issue of American institutions—the partnership between government and privilege."

## POULTRY

### KEEP LITTLE ONES GROWING

Young Chicks, When Allowed to Range, Are Too Often Neglected and Become Stunted.

(By N. E. CHAPMAN, Poultryman, Minnesota College of Agriculture.)

Most chicks are well fed and cared for while their mothers are confined in coops; but when allowed to range regular feeding is too often neglected, and as a result growth is retarded and they become what is termed "stunted." It appears from statistics furnished by produce dealers that but seven per cent. of spring chicks marketed weigh four pounds December 1. By this time all the spring stock of the general purpose breeds, like the Rocks, Wyandottes, Orpingtons and Reds, should average at least six pounds live weight. Plymouth Rocks have been made to weigh seven pounds dressed, at Thanksgiving time, by judicious feeding for growth and development while on range.

When the chicks are wenched at six or eight weeks and are on range, their grain ration, with grit and charcoal, may be supplied in hoppers. The hoppers should be so placed or so constructed that the old fowls will not rob the chicks or drive them away. A small inclosure, made of lath and covered with wire, will admit the chicks and keep others from frightening or molesting the chicks while eating. Coops of ample space should be furnished, well ventilated, but secure from the depredation of night prowlers. The coops, utensils and

A Prize Winner.

surroundings should be kept scrupulously clean and sanitary and the flock kept free of vermin.

Cracked corn is one of the best grain feeds for growing poultry. When new corn begins to harden, whether sweet or field corn, it may be "whittled" or shaved from the cob for the eager chicks. On range they will secure bugs, worms and grasshoppers, and pick up grit and bone-making material.

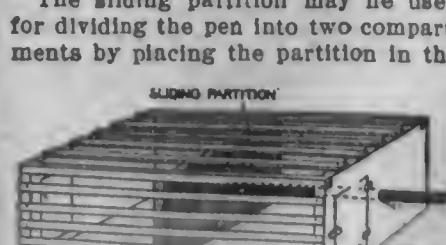

When they have reached full height all those intended for market should be put in fattening crates and fed ground feed and skim milk for three weeks. An average of two pounds per head may be added to the weight of fowls, old and young, by this method at a cost of about five cents a pound. By all means keep the chicks growing, and fatten them before putting them on the market.

Found Especially Convenient in Forcing Fowls Toward Door at Either End of Pen.

A good retaining pen from which to sell poultry may be had by building a coop of the desired size and placing in it a sliding partition for use in forcing the fowls toward the door at either end, enabling a person to take out one at a time.

The sliding partition may be used for dividing the pen into two compartments by placing the partition in the

Retained Possession of Her  
Prized Pet.

Georgia Wilson, negro, was fined  
\$10 for being disorderly. Charges were  
made by Patrolmen O'Leary and Per-  
ryman, who told Judge Bacon she  
wanted to whip a man about a dog.  
"Would you fight over a dog?" asked  
ed Judge Bacon.

"I sho' would ovah dis heah dawg."

"Why? Is it a valuable dog?"  
"Nossah, I guess it han't we's so  
much, but I done been hablin' dat  
dawg evah since it wah a houn' pup,  
and I jes' lak it, dat's all. I had  
ruther dat man fight and kick me der  
dick dat dawg."

"Did he kick the dog?"

"They say he did."

"This man in court?" asked Judge

Bacon.

"No, I understand," began Officer  
O'Hern, "that the man she is talking  
about claims the dog."

"Dat's de troof, Judge; he do. De  
dawg is mine. When it wah a pup  
dat same man he say, 'Georgia, if you  
want dat no' count pup you can hab  
him. I done tuk de pup home and  
raised him. He is a big dawg now  
and I also likes him."

"But you oughtn't to fight over a  
dog."

"Judge, dat niggah man, he dun  
come to mah house an' say if I didn't  
git up dat dawg he gwine ter pull mah  
hah off."

"Did he make any attempt to pull  
your hair off?"

"Nossah; I dun dahed him ter tech  
me; dat dawg he stood right twixt  
mah feet, and hid undah my dress.  
If dat man had teched me dat dawg  
would hab chawed his head off."

"Well, I'll have to fine you for  
cursing and wanting to clean out that  
neighborhood,"—Memphis News 8c in

LAUGH WAS ON PROFESSOR

Interchange of Wit Closed the Con-  
trovery With the Honors  
More Than Even.

At the banquet given by the class  
in salesmanship and advertising of  
the Y. M. C. A. Department Secretary  
Miller told a little story of his Oberlin  
college days.

It happened in the chemistry class  
and the professor had just asked Miller  
to define gravity. The somewhat  
hurried definition contained the word  
"pull," and this irritated the instruc-  
tor. He declared there was no such  
energy in nature as pull. Whereupon  
Miller undertook to illustrate his defi-  
nition by lifting a chair to the level of  
his chin and then thrusting it straight  
out.

"One is push; the other pull," he  
said.

Here was the professor's chance.  
"I have long suspected," he said,  
"that Miller considers his chin  
the center of gravity!"

The laugh that followed was loud  
and long, the professor leading, and  
then Miller subsided.

But when the merriment died away  
a young woman in the front row  
caught the professor's attention.

"I would like to ask a question?"  
she said.

"Yes, Miss Myers, what is it?"  
The young woman spoke up very  
clearly.

"I want to ask whether you would  
push or pull a radish?"

And that closed the controversy.—

Underwear de Luxe.  
Jack London, the novelist, has ho-  
bbed it for the fun of the thing, and  
many are the yarns he tells of that  
wild, free life.

"On an evening of early summer,"  
Mr. London said at a dinner in Los  
Angeles, "I sat with a group of ho-  
boes on a quiet 'dump,' cooking a to-  
mato-can of coffee. As we chewed our  
punk—punk is bread, you know—in  
the twilight a hobo on my left side  
said:

"Hey, Nosey, left off your under-  
wear yet?"

"Nosey, who was cutting up stumps  
for his pipe, answered:

"Well, I shed a doormat last week,  
but I'm still wearin' a couple o' yards  
o' carpet."

Home's Where the Heart Is.  
Mrs. Maud Ballington Booth, who  
has just completed her annual prison  
inspection tour of the South says:

"I believe emphatically that a woman's  
place is home; but where is her  
home? Mine is all the way from Bos-  
ton to San Francisco and from Canada  
to the Gulf. The question is not what  
a woman should be allowed to do, but  
can she do it properly?

"In this reform—woman suffrage—  
home is the very watchword, for all  
the interests of the home, and all the  
evils that affect the home, are largely  
dependent upon politics. Women not  
only should have the power to deal  
with these, but they could wield i

effectively."

"Thunder and Lightning Trip."  
A large photograph of Prince Henry  
of Prussia and Count Zeppelin, the  
former in the full dress of a German  
admiral and the other in regulation  
"day dress," hangs in a room of a  
Hamburg hotel, where the men posed  
for the picture. Under the picture is  
written: "Two famous admirals," and  
the record of the trip which the  
friends made in a Zeppelin dirige-  
ble from Hamburg to Brunsen and  
return, which became of the furious  
"Thunder and Lightning trip."

### WOMAN DIED IN AGONY

Pinned Under Auto, Begged Husband to Shoot Her.

Petaluma, Cal., Aug. 21.—Mrs. E. W. Mason lay in the road beside their overturned automobile fatally injured and begged her husband to end her agony by shooting her. Ten minutes later death relieved her.

When Mason lost control of his car and it veered into a ditch and overturned, Mr. and Mrs. Mason were pinned under it. Mason could reach his horn and sounded it repeatedly before some farmers heard the call. His wife was dead before help came. Mason will live.

## TO DAY'S GAME AT HOWELL.

Saturday's Contest Last to Be Played Here of Scheduled Games.

The Cairo series of games, interrupted by rain, was finished yesterday and Evansville comes to-day for the last series on the local diamond.

By arrangement the game to-day will be played at Howell, Ky., as a feature of the big association rally and free barbecue. A diamond has been laid off in Olney Wilson's field and at least 500 people are expected to pay a quarter to see the Moguls mop up with the Yanks.

Tomorrow and Saturday the last games will be played and if the game today is stopped by rain one of the other games will be a double-header.
